

Kit Contents

1x Wall Mount Bar
5x Tool Holders
3x Screws
3x Plugs
10x Plastic Clips

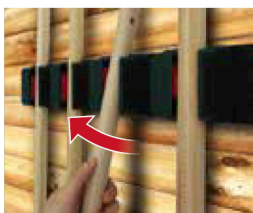

HOW TO USE

To Attach

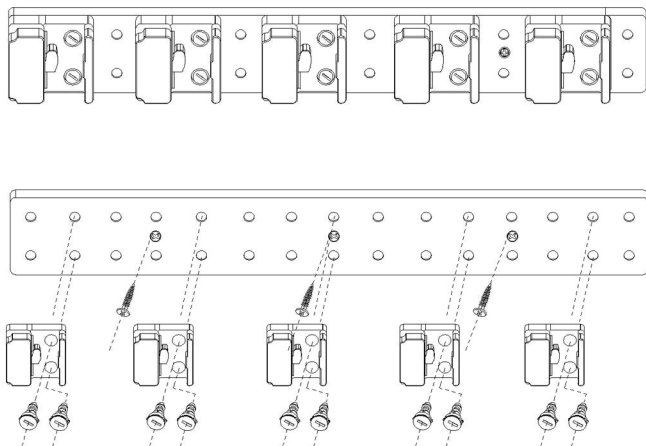

Simply push the tool handle in and up to secure.

To Disconnect

Lift and pull the tool handle out towards you to release.

Quick-grip Tool Organiser Diagram

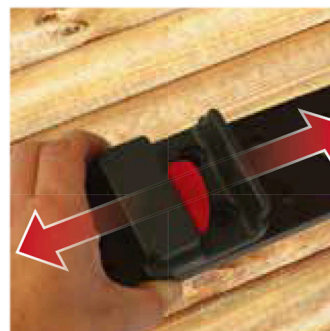

INSTALLATION

1. Use the 3 screws to attach the Wall Mount Bar to the wall.
(Masonry – use an 8mm masonry drill bit to drill a hole first, then insert the plugs before securing the bracket to the wall with the screws.)
2. Position the 5 Tool Grip Brackets as desired. Position can be varied to suit your tools, if needed.
3. With the red part of the Tool Holder on the left, line up the holes with the wall mount bar.
4. Snap 2 plastic clips into each Tool Holder, to secure.
