

Hoselink's Super Soft Drying Towel is guaranteed to out-absorb any regular sponge or chamois! This large, double-thick towel is made from the thickest, plushiest, most absorbent material you'll find. Its seamless construction and super-soft microfiber is kind to paint (reducing potential scratching) and provides streak-free drying to reduce waterspots (particularly in hard water areas).

BENEFITS

- Machine washable
- Lint-free
- Streak-free drying
- Anti-scratch
- Holds over 10 times its weight in water

INSTRUCTIONS

After washing and rinsing, wipe the towel over the car, boat or caravan. When towel becomes saturated, roll and squeeze to remove excess water, then continue drying.

CARE TIPS

Wash the towel before use to remove any excess dust or loose fibres it may have picked up during packing.

Wash separate from other laundry to ensure it remains lint-free.

Do not use fabric softener when washing.

Hang/air dry or tumble dry on low setting.
