

Guillotine Lopper - HOSELINK

The Guillotine Lopper is a high performing speciality tool that will make it easy for you to cut through very thick branches up to 45mm thick. The extra-wide opening handle and hook-like cutting space means you can get through the biggest, toughest of branches without having to resort to a saw blade. Just like a guillotine, it cuts quickly and cleanly. This product features aluminium handles with a steel head and Teflon-coated high carbon steel blade. Use the handle to open the cutting area, hook opening over the branch and close handle to cut.

RRP: \$64.90. | www.hoselink.com.au.
